

Chas. Anton Bjork, of Albert District, Passed Away Sept. 7

CHARLES ANTON BJORK
Friends and neighbors of the Albert District were shocked and grieved on September 7 to hear of the very sudden passing of Chas. (Colie) Anton Bjork. Mr. Bjork was working for the NWU Ltd. near Kinsella when he suffered an acute heart attack and passed away immediately.

He was born in Sweden in 1880 and came to Canada about 1902. After working for some time on the construction of the Grand Trunk Pacific railway line in Northern Ontario, he came to the Albert district in 1909. Later he spent several summers working on the GT railway west of Edmonton, Alta.

In July, 1913, he married Miss Bertha Larson, eldest daughter of the late R. A. (Cap) Larson and Mrs. Larson of Irma, and she predeceased him in 1921. Mr. Bjork farmed for many years in the Albert district and was well known and well respected in the community.

He leaves to mourn his loss, one son, Vernon, and two grandsons, also a sister in Sweden.

Funeral services were conducted by Rev. Forster of Viking from the Irma United Church on Sept. 11 and interment took place in the Irma Cemetery.

Pall bearers were Messrs. Wm. Ramsey, Wm. Matthews, Leigh Currie, Ivan Currie, Chas. Olsen and Robert Hansen.

Beautiful floral tributes were received from: Vernon, Mildred and the boys; The Stringer family

at Olds; Mr. R. A. Larson; Alf and Muriel; Rick and Beatie; Louie and Maxine; Erling and Goldie; Mr. and Mrs. Ross McFarland Sr.; Mr. and Mrs. Jack Marshall; Mr. and Mrs. Ben Sather; Mr. and Mrs. P. E. Jones; Mr. and Mrs. Clifford Jones; Mr. and Mrs. Gerald Glasgow; Mr. and Mrs. W. Frickelton; Mr. and Mrs. Chas. Olsen; Gunnar Erickson and family; Edmonton; NWU Ltd.; Buffalo Coulee W.I.

Southern Sayings

A surprise birthday party was held on Sunday, September 17, in honor of Mrs. Art Long's birthday which was Friday. Some 39 neighbors gathered in the afternoon, bringing lunch along. The guest of honor was presented with a silver collection taken up amongst her many friends and neighbors and a lovely plant was also given her. Congratulations and best wishes were extended by all. Mrs. Long made a suitable reply.

Mrs. R. Reber, Mrs. J. Jackson and Isabella were among the seven women who attended the special meeting of the L.O.B.A. of Edmonton last Wednesday in honor of the Right Worshipful Grand Mistress of North America. They motored out Wednesday afternoon with two cars driven by Eddie Hagen and Lester Knickly and returned in the wee hours Thursday morning. The other women were Mrs. C. Pyle, Mrs. O. Lovig, Mrs. Herbert and Mrs. E. Fenton, all of Irma. They all report having a nice trip and a good time.

Miss Margaret Fitzgerald of Wainwright visited with her cousins, Mr. and Mrs. Syd Johnston and Phyllis over the week-end. Mr. George Reed of Edmonton is back for a visit with Mr. and Mrs. Buster Reed and family.

Mr. and Mrs. J. Jackson and family attended a party at C. Archibald's Sunday evening.

The LETTER BOX

BATCHING OR BOARDING VERSUS DORMITORY

I might start this discussion like a former writer by saying "I have been thinking," and to tell the truth I have, but I wonder how many folks, especially parents of high school students in the Wainwright School Division, have been doing any real thinking along this line. As an observer may I be permitted to mention a few good points that may be said on the subject.

From my point of view life in the Wainwright dormitory is a happy, healthy and educational experience. Is there a parent of high school students who would not rest easier and sleep better if they knew where their school girl or boy will be at any 10:30 o'clock every school night, except of course, for the weekly "late leave" when the students have an extra hour for social activities.

Point two, in my estimation, is just as important, and that is that the meals are healthful and well prepared after the pattern of the Canada Food Rules and a working knowledge of dietetics. Any adult will agree with me that in the case of students batching the meals are mostly just what happens to be handy and easy to get.

Point three would be the supervised study period of two hours four nights a week, in comfortable surroundings and with the best of lights. Here students of the same grade working together are a great help to each other.

Point number four would be the cost. No person can supply meals equal to those in a dormitory such as boys and girls of high school age require at the price charged by the board of the school division and when you add to that rent, heat and light you will find there has been no saving at all, that is if you conscientiously put down all that has been spent in a month of batching.

To these four main points could be added numerous others, such as comfortable beds, warm, well furnished building, fully modern in every way, and the valuable education obtained from learning to work, play and live together in harmony, and understanding.

One young lady, who spent two years in a dormitory and is now a teacher, said to me, and these are her words: "If I could have one wish for all high school students, it would be that they might spend at least one year in a dormitory. It was a part of my education that I value very much."

Yes, I think the parents of high school students at country points would do well to stop and consider carefully what they are exposing their boy or girl to before they arrange to let them fend for themselves in a shack or room away from home.

AUBREY THOMAS BROOKS

Aubrey Thomas Brooks, 17 years, of 345 Talbot Ave., Winnipeg, died Sunday following a hit and run accident.

Born in Edmonton 1933, he moved to Irma where he lived until 1946 when he moved to Winnipeg following the death of his father. He attended Lord Selkirk school and was in grade 12. He was a member of the YMCA.

Funeral services were held in Mordue Bros. Funeral home at 1:00 p.m. Burial was in Elmwood Cemetery. He is survived by his mother, Mrs. Alice Brooks and sister Shirley.

Glen-Coa Cleanings

Mr. R. T. Meakins underwent an operation at the University hospital last week. Mrs. Meakins spent a few days with him in Edmonton afterwards. Mr. Meakins is doing quite well and his many friends hope he may soon be home again.

Evelyn Erickson and Norma Likness are attending Camrose Lutheran College. Johnny Erickson and Gordon Hollingen have also registered there and hope to go as soon as harvest operations permit.

Lawrence Likness is off to Saskatoon again to attend university and the Lutheran seminary. Curtis Satre will also be going the first of next week.

The excellent harvest weather we have enjoyed of late is hurrying threshing and combining in great style. Frost has done extensive damage throughout our district but the yield is very good as a whole.

Judging Competitions

Each year, as you know, the girls and boys' clubs in Alberta send a judging team from each type of club to the Dominion Judging Competition at Toronto. The teams are chosen from competitors over the whole province. In each Home Economist's district, one clothing team and one food team is chosen from all the clubs there. These two teams compete with other Albertan teams at Olds.

The girls must be sixteen years or older in order to compete. From this district this year the clothing team was Miss Gayla Bazley and Miss Luella Tunney of Edgerton. There were no girls old enough for the food team.

The winners of the judging competitions spend a week in Toronto in November. The teams that place second are invited to Club Week at Olds in the Spring.

The winning food team this year was Miss Betty Brown and Miss Helen Wagner of Nanton. The second place team was Miss Dana Morherberg and Miss Margery Johanson of Markerville.

The winning clothing team was Miss Opal Keller and Miss Norma Stevenson of Caley. The second place team was Miss Jean Sumaker and Miss Audrey Toutant of Hines Creek.

Competition was very keen and the girls who won really deserved to win.

Cold Jelly Making

The cold method of making jelly is perhaps one which you have not heard very much about. The jelly takes longer to set and is a bit sweeter than when made by the boiling juice method but has a better flavor.

The juice is extracted from the fruit the same way as for boiled jelly. Add from 1 1/4 cups to 1 1/2 cups of water per cup of juice. Do not add more than 1 1/2 cups of sugar to one cup of juice. Stir the sugar and the juice until the sugar is completely dissolved. Pour at once into glass jars and allow to set.

Naturally the juice must be suitable for jelly making, e.g. grape, crabapple, or other juices used commonly.

Goose Creek Fair

Yesterday had the good fortune to be one of the judges at the Goose Creek Fair held at Lougheed. I am sure that anyone of you would enjoy seeing the cooking, handicraft and vegetable exhibits there.

The quality of workmanship and enthusiasm of the ladies are the pride of the Goose Creek district and are a wonderful example to follow.

Your discarded woollen garments can be converted into new blankets by a firm in Calgary. The blankets are pre-shrunk and dyed in many popular colors. For information as to amount of wool needed and the cost for each blanket, write to or call in at this office.

This is the time of year for fruit and berry stains on clothing, towels and household linens. The best way to remove fresh stains from washable material is to stretch the water through the stain from a height of two feet. Covering with salt and then pouring boiling water through may remove the stain more quickly. For old stains, use commercial bleach. Unwashable articles are best bleached with hydrogen peroxide but be certain first that the color will not be bleached out of the article at the same time.

All meal-times should be pleasant and interesting with the table set as attractively as possible. Distraction takes place much better when a person is relaxed.

Here is a question for this week, and the answer will be here next week — "How many different types of baking powder are there?"

Irma Municipal Hospital District Enters Agreement With Viking Hospital

Minutes of a regular meeting of the Board of the Viking Municipal Hospital District No. 10, held at the hospital on Friday, Sept. 8, 1950.

Present: J. F. Murray, Chairman; W. J. Kelly, Vice-Chairman; S. L. Hoines, W. D. Johnston, Mrs. E. Primett and A. Hafso, Sec.-Treas.

The meeting was called to order by the Chairman at 2:30 p.m.

The minutes of the last regular meeting were read by the Sec.-Treas. and were adopted as read on motion by S. L. Hoines, seconded by W. D. Johnston, C.A.

Moved by Mrs. E. Primett, seconded by W. J. Kelly and carried that subject to the approval of the Minister of Health the following agreement be entered into with the Irma Municipal Hospital District No. 55:

Whereas under the authority of the Municipal Hospitals Act, Section 30, the Board of the Irma Municipal Hospital District is empowered to enter into an agreement with an approved hospital for the care and treatment of its ratepayers and resident non-ratepayers.

And whereas the Hospital is an approved hospital within the meaning of the Hospitals Act, being Chapter 184 of the Revised Statutes of Alberta, 1942.

NOW THEREFORE THIS AGREEMENT WITNESSETH:

In consideration of the premises and of the mutual covenants and agreements hereinafter contained, the Parties do hereby covenant and agree as follows:

1. Standard ward care as referred to in this agreement shall mean the bed accommodation provided to the patient when private or semi-private room accommodation has not been requested, and includes the routine services such as meals, nursing care, drugs, medication and dressings ordinarily provided without extra charge.

2. Semi-private or private room accommodation, when available, will be provided upon the request of the patient and the difference in rates between the standard ward and the private or semi-private room will be payable by the patient.

3. The Hospital agrees to provide care for ratepayers and resident non-ratepayers of the District and their dependents as defined by the Hospitals Act when admission to the Hospital has been arranged by a Physician and authorized by the Superintendent of the Hospital.

4. On behalf of those patients three years of age and over who have been accepted by the District as being eligible to receive the benefits under this Agreement the District agrees to pay to the hospital the sum of \$3.50 per day for every day the patient receives care in the Hospital and the Hospital agrees that it will not charge the patient more than one dollar per day on account of standard ward hospitalization.

5. On behalf of those patients under three years of age who have been accepted by the District as being eligible to receive the benefits under this Agreement, the District agrees to pay to the hospital:

(a) one dollar per day for a person under three months of age, (b) one dollar and fifty cents for a person from three months to one year of age, and (c) two dollars and fifty cents for a person from one year to three years of age, for every day the patient receives care in the Hospital under the terms of this Agreement, and the Hospital agrees that it will not charge the patient more than the sum of one dollar per day on account of standard ward hospitalization.

6. On behalf of those patients accepted by the District as being eligible to receive benefits of the Agreement the District agrees to pay to the Hospital an additional sum of Nil per day for everyday the patient receives care in the hospital on account of extra services rendered to the patient.

7. The terms of this agreement shall not apply to those patients who are receiving care in the hospital under the Workmen's Compensation Act or under any legislation passed by Provincial or Federal Governments, or otherwise provided at public expense.

8. The Hospital agrees to inform the District of a patient's admission whenever the patient claims entitlement to the benefits under this Agreement and whenever possible the notification shall be given

within forty-eight hours following admission.

9. The District shall, wherever possible, within forty-eight hours following receipt of the notification, advise the hospital whether or not the patient has been accepted as a person entitled to the benefits under this Agreement, and should the District fail to do so, within seven days following receipt of the notification, the liability of the District for the payment of their portion of the payment shall be deemed to be admitted.

10. The District shall pay to the Hospital the sums referred to in sections four, five and six of this Agreement, whichever is applicable, within one month following receipt of the account from the Hospital.

11. Nothing in this Agreement shall in any way be construed as taking away the liability of the District for its indigent patients.

12. This Agreement shall ensue to the benefits of and take effect on and be binding upon the Parties hereto from the 1st of June, 1950, and shall therefore continue in force from year to year, subject to revision or cancellation at any time upon three months notice in writing by either party, such notice to be forwarded by registered mail.

The Sup't. read her report for the month of August and on motion by W. D. Johnston, seconded by Mrs. E. Primett the report was accepted and ordered filed. C.A.

Moved by W. D. Johnston, seconded by Mrs. E. Primett and carried that the bills amounting to \$2,937.60 be passed for payment.

Moved by W. D. Johnston, seconded by Mrs. E. Primett and S. L. Hoines act as House Committee until the next regular meeting of the Board.

Moved by S. L. Hoines, seconded by W. J. Kelly and carried that the meeting be adjourned.

Time to Treat Crops With 2-4-D

The essence of success in the control of weeds in growing crops by 2-4-D rests not only in employing the right chemicals at the right concentrations but also in spraying or dusting at the right stage of both weed and crop growth. It cannot be stressed too strongly that the best results with 2-4-D are obtained when annual weeds such as Wild Mustard and Stinkweed are treated in the seedling stage. Once annual weeds have grown large their resistance to 2-4-D increases rapidly. In consequence, the later the spraying or dusting is left the greater will be the amount of 2-4-D required to obtain a first-class kill; and the longer will the weeds be given a chance to compete with the crop. Treat early.

Stage of Crops. Although it is important to treat the weeds as soon as the seedling stage is reached it is equally important to bear in mind the stage of crop growth. Too early or too late treatment with 2-4-D is likely to lead to crop injury. In the case of cereal crops (wheat, oats, and barley) it is essential to wait until the grain plants are in the 3-leaf stage, or about 6 inches high, before they are treated. 2-4-D should not be applied to cereal crops after the plants have reached the early shoot-blade stage. On no account should cereal crops be treated when the plants are in the flowering or early-heading stages of growth. With flax, treatment with 2-4-D should be made at the earliest opportunity after the flax plants have formed 4 or 5 leaves, since the weeds then will be more readily killed. Flax crops should not be sprayed or dusted with 2-4-D once the plants have started to bud. Late treatment of flax is likely to cause serious crop injury.

Seek Advice. More detailed information on the proper time to apply 2-4-D can be obtained from your local Line Elevator Agent. Ask him for a copy of our "2-4-D Time Treatment Chart." Remember! Early treatment with 2-4-D is essential for effective, economical weed control.

Bet You Don't Know This About Advertising

by Susan

Quiz No. 4

How much does it cost per can to advertise the leading brands of soup? Is it 1¢? 2¢? 3¢ per can?

Answer: It costs less than 1/30¢ per can to advertise the big-name brands of soup.

That's only half the story. Advertising lowers your cost two ways:

Cuts the selling costs. And by helping make mass production possible, lowers the production costs, too.

So advertising saves you many times that 1/30¢ per can.

"I enjoyed my shopping today!"

Yes, I really enjoyed my shopping trip—I bought all the things I saved for!

That's the way I plan my bigger purchases. They seem to come easier, and more quickly, when I put something into the bank regularly. I like the comforting feeling of watching my account grow.

I hate keeping too much cash around the house. It's so convenient to have the bank take care of it. And my bank book tells me where I stand.

I guess most women are much like me—housewives with modest savings who find their neighborhood bank handy, useful... always obliging.

CBC Mental Health Programs

A new radio series on Mental Health, broadcast on the Dominion Network, CFRN, Edmonton, CFRN Calgary, on Tuesdays, 8:30 to 9:00 p.m., will begin October 17, 1950 and will proceed every week for twelve weeks. The new series is being written by Ted Allan the well-known Montreal author and will be entitled "Life with the Robinsons."

All of the programs will relate to common everyday human relations problems of the Robinson family, their friends and their relatives. A special effort is being made to make this series interesting, entertaining and even amusing. The episodes dramatized will be recognized as relating to problems in family life everywhere, and it is expected that this program will have an even greater popular appeal than "In Search of Ourselves." Each program will be followed by a mental health commentary, where a real effort will be made to provide helpful information and constructive suggestions.

Once again the Canadian Mental Health Association is co-operating closely with the CBC in the presentation of the series "In Search of Ourselves." As was the case last year, the series will consist of twelve Tuesday night programs, six of these will be a repetition of the programs produced during the first year of the series, but with new commentaries; six will comprise entirely new material. In Search of Ourselves will commence early in January, 1951. Advance notices and program notes will be available for both programs. If you desire any of these advance notices for distribution please advise me of the number required at your earliest convenience.

Delicate Tanks

Toronto, Ont.—Heard at the old Toronto armories, as small boys harmlessly played on a row of gigantic tanks: "Get off those tanks!" roared a spike-moustached sergeant.

"Why should they?" demanded a bystander. "They might break them!" said the sergeant.

"Old at 40, 50, 60?" —Man, You're Crazy

Forget your age! You're not old until you're 40. Try "Old at 40, 50, 60?" with Center, Canada's first for men, women and children. This is the only place in Canada where you can get your "Old at 40, 50, 60?" book for free. This book tells you how to stay young. For sale at all drug stores everywhere.

Avoid Grain Storage Difficulties

Don't be in too big a hurry to cut your crop, cautions A. M. Wilson, Alberta's Field Crops Commissioner. Consider the problems that frozen, immature grain may present in harvesting and storing.

Farmers whose crops have been injured by frost should give them every opportunity to ripen and dry before harvesting and threshing. Frozen grain is slow to dry in the stock or swath. If the grain is not severely damaged it will fill much better standing than in the swath or stock. Even severely frozen crops will benefit by being allowed to stand because they will dry more quickly.

There is another good reason for allowing all grain crops, whether frozen or not, to ripen thoroughly before cutting and to dry before combining or threshing. Crops cut green are often unsatisfactory for seed or for malting because of erratic germination.

Newcastle Disease

Of interest in poultrymen is the series of interviews on Newcastle disease now being broadcast every Monday on the CBC Prairie Farm program. These interviews will continue until November 6. Broadcasts will deal with Dominion and Provincial regulations and with the effect of the disease on the producer, the poultry inspector, the produce man, the hatchery man, and the feed manufacturer.

With two exceptions only, Alberta has been free from the ravages of Newcastle disease. Every precaution should be taken against its introduction, and this series of broadcasts by the CBC will provide all those interested in Alberta's poultry industry with information of value. These interviews will be heard every Monday for the next few weeks on the Prairie Farm Broadcast (12:15 to 12:45 p.m.) from radio station CBX.

Gross revenue of the Canadian post office last year was almost \$96,000,000, more than three times the 1934 figure.

Mrs. Wise Packs A School Lunch

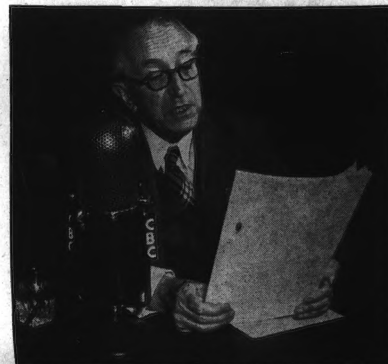

School bells are ringing again and many mothers face the question "What shall we put in the lunch box?" To Mrs. Wise this question is a very serious one. She knows the importance of three good meals every day for the growing child. She also knows how important it is to keep the lunch box meals interesting—to pack tasty and attractive foods so that the child will want to take time to eat and not just gobble down his food so that he can go out to play.

There are many little tricks we can use to make a school lunch interesting, says Miss Joyce Lewis, Nutrition Specialist, Alberta Department of Agriculture. The busy mother has little time for fancy fancies, but she can plan to provide something different every day—different fillings in the sandwiches, different kinds of bread, a meat pie or a salad with muffins or buns as a change from sandwiches, a variety of milk drinks, raw vegetables in various forms, or salad or desserts packed in little covered jars or plastic or paper containers.

Mrs. Wise always keeps the lunch box in mind when she plans her other meals. She cooks a few extra sausages or strips of bacon to add to the sandwich fillings for a change. They are good in many combinations—with other meats or with vegetables, eggs, or cheese. A little bit of left-over gravy or creamed vegetable can often be added to a meat filling, making it quite different and very good. One portion of that chicken pie made for the family lunch today can be put in an individual baking dish and cooked for the lunch box tomorrow. It can be eaten cold, or possibly reheated at school.

If planning the school lunch is a problem ask your District Home Economist for help. She will always be willing and ready with suggestions. You will also find helpful hints in the bulletin "Lunch Boxes and Hot School Lunches" available from your District Home Economist or from the Home Economics Division, Alberta Department of Agriculture, Edmonton.
